**Attention: All Hyosung Dealers – Racer Information**

### **Hyosung 250 and 650 race package.**

Following on from our successful 2011 racers package for 650cc models, we have expanded our offer to include 250cc models to coincide with MA's new National 250cc Production Series.

#### **National 250cc Production Series**

For the first time in many years MA have recommenced an National 250cc Production series. We have used our marketing budget to subsidize the price of our Hyosung GT250R to allow riders to start in the series for a very low entry price via the dealer network.

- GT250R                      \$3900 Incl GST

Your dealer will provide the bike assembled, pre-delivered and ready to ride although race preparation is in the hands of the rider.

#### **Series Rules**

MA has released the supp-regs for the series. The following items can be modified or changed for the series...

- Muffler can be changed to a sports muffler. Headers cannot be changed.
- Body work can be replaced with fiberglass replica. We have a version arriving from NZ soon and we will provide details of where these can be obtained. This set includes the mandatory 3 litre fluids capacity in the belly pan.
- Front and rear springs can be changed and suspension re-valved, but must retain original external appearance.
- Piggy back ECUs can be added to adjust fueling for the change to a sports muffler. Hyosung will also provide revised maps (for the same purpose) for the OE ecu.
- Brake pads, oils etc are free to be changed.

See the MA website for a copy of the supp-regs.

## **There are limits**

Obviously we want to make sure the bikes see the track and someone is not simply getting a cheap bike for the road. To ensure this we have come up with some basic controls to assess the genuineness of the applicant.

1. The purchaser must have a MA licence for the 2012 season.
2. The purchaser must enter all 4 rounds of the National 250cc Production Series for the year and provide evidence to PSI (copy of the entrants list).
3. Riders not meeting the conditions of point 2 will be ineligible for the deal for following years.
4. Bike is sold "as is" with no warranty.
5. Bike is not to be re-sold within 8 months of purchase.

See attached application / order form to be completed by the racer and submitted by the dealer.

## **650cc Models for Australian Formula Xtreme Series Naked bike (F3) and Pro Twins (F3)**

2011 saw Hyosung riders achieve a number of significant wins and places and from all accounts had a lot of fun at the same time.

Final Results - FX Pro-Thunder / Nakedbikes, FX Nationals Series – Naked Bikes F3 Class

1<sup>st</sup> Ron Sumskis – Hyosung GT650

2<sup>nd</sup> Rick Wilkinson – Hyosung GT650

3<sup>rd</sup> Phillip Redman – Hyosung GT650

We've had a few approaches for individual support and while this has some benefits, we'd rather support many instead of just a few. Father and son partnerships are cropping up around the circuits where the son (and daughter) has decided to try road racing and the father (often a former racer) has decided to join in the fun.

### **Special Buy Price to Racers (via the dealer network)**

- GT650 Naked           \$4950 Incl GST
- GT650R               \$5550 Incl GST

Your dealer will provide the bike assembled, Pre-Delivered and ready to ride although race preparation is in the hands of the rider.

## Eligibility

Of course there are many local club events but there are also the more high profile events such as the Formula Xtreme series.

Formula Xtreme Series is a popular and relatively affordable series for guys who want to get a lot of track time in. Here is the eligibility...

- Formula 3 Naked-bike class - GT650 Naked
- Pro-Twins Formula 3 class - GT650R

Modifications are kept to minimum to keep costs down and are limited to...

- Change rear shock
- Internal fork modifications
- Muffler
- Brake pads

Refer to the Supp-Regs published by Australian Formula Xtreme Championship (AFXC) series promoters.

See your local Hyosung Dealer for details.

Best regards
